

For Women Who Are Serious About Building Their Business Using Successful

Author, Bonnie Ross-Parker has a background in franchising and network marketing. For more than two decades, she has attended countless networking meetings and events and constantly witnesses the same scenario -- individuals pushing their card in your hand and asking you to call them when you need the service they offer! With all the business books that have been written, all the emphasis on building relationships, there is still a total misunderstanding of what it takes to build one's business. Relationships are key. Building rapport is key. Being a good listener is key. Read this book to learn more and be a better networker.
